2005 SURVEY-SURVEY-SURVEY

Please take a moment to fill out the most important survey
you could ever be a part of.

If you have received this survey in the mail your response will give your opinion even with no reply.
So we thank you.

Survey results will be listed on the web site and will be used in administration design of departments
that will protect our National Treasure .

This survey will help us gather specific character credibility categories on the individuals who receive
this survey and for all others, it will lend additional support in stewardship to the horse on a random
and individual level that is priceless!

This survey also serves as a more diverse testimony to accompany our Declaration petitions.

USENTA

A beacon of opportunity for all to define who they truly are...

Be part of something that will ensure the protection of the horse and the Promise of a proud
America.

Pride -Dignity—Honor and Integrity ...
